Course Information:

Length: 2 Days (16 Hours)

Registration: 0730

Class start time: 0800

Prerequisites: None

Course Description:

Designed For: Law enforcement that enforce drug laws to include, patrol, investigators, corrections, probation, parole, fish and game, harbor police and all others who possess arrest powers including military police; law enforcement dispatchers, analysis and their supervisors, who conduct investigations.

The primary purpose of this course is to teach the attendee to intercept suspicious parcel packages and develop probable cause to obtain a search warrant. After verification of an illegal substance, utilize a controlled delivery to the suspect or suspects.

Course Objectives:

- Train officers to identify certain identifiers associated with illegal parcels
- Locating parcel hubs and also small retail stores that are located in most rural cities
- Advise officers the advantages of obtaining cooperation with these various shipping companies
- The need for quick response once a parcel has been identified
- Obtaining search warrants on the parcel to identify the controlled substance location inside
- The advantage of using electronic tracking and package intrusion alarms
- The use of undercover officers to conduct a controlled delivery of the package
- The reality that a parcel may be delivered to an abandoned location
- The need for surveillance of those packages and the possibility of the package being relocated
- Training on writing and execution of an anticipatory search warrant once the package has been delivered to a location
- Identify the dangers and risk to conduct a controlled delivery and how to overcome the risk

Taught by Sgt T. Gene Donegan, Metropolitan Nashville Police Department
