

Glock MOS-I Instructor Workshop

August 26 -28, 2026

Registration: www.glocktraining.com

Cost: \$500 **Length:** 20 Hours (2.5 Days)
Class Hours: Day 1 & 2: 8am–5pm. Day 3: 8am–12pm
Certificate: 5-year Certificate issued upon successful completion

Course Objectives

This course is designed to assist Law Enforcement and Military Firearms Instructors with instructing shooters on the use of the GLOCK pistol with Red Dot Optics as well as Iron Sights (2.5 Days – 20 Hours). This course is a dynamic shooting course that requires the ability to stand for long periods of time, shoot on the move, move into and recover quickly from the kneeling and prone positions. This course is continuing education for current LE and Military Firearms Instructors.

This course will cover the needs of the Operator regardless of the optics configuration currently employed. Both iron sights and MOS systems will be covered within the curriculum to ensure that every shooter can have a strong baseline competency in the delivered content areas. This allows the student to freely employ the learned concepts without hesitation and in anticipation of transitioning to/from different optics configurations.

Course Outline

- Introductions
- Required Equipment
- Principles of Learning
- Realistic Training Concepts
- Curriculum Development Techniques
- Coaching and Diagnostics Techniques
